

I've been learning....

Quintin: I've been learning in socials 10 about WWI and in Careers 10 about jobs and professional profiles.

Gavin A.: About WWI in Socials. I have been learning how to improve my writing in the timed writes in English. In Science I have been learning about earth science and plate tectonics. In careers I have been learning how to do career research.

Keisha: In Socials I have been learning about important past events that help me to better understand why we're where we are at today. In English we are learning how to construct better sentences and paragraphs. In Science I have been learning about earth science (volcanos, natural events, ecosystems) and physics. In careers we are working on improving work skills and researching a variety of careers.

Aliyah: About physics of motion such as velocity, displacement, and acceleration in science.

Gavin H.: About the 20th century, human rights, and WWI. We learned about how this impacts our lives now. In English we are doing poetry and novel discussions on a book we are reading.

It is important because....

Quintin: It made me learn more about WWI, it helped me make a resume and how to act at an interview.

Gavin A.: It helps me to think about what I would be good at. We also learned the tragedies of war to help us learn from our mistakes and not to repeat them.

Keisha: These are core classes. They help me to better understand myself and the world around me.

Aliyah: It is important because I can create a position-time graph and describe motions.

Gavin H.: It is important to remember our history.

I've been doing well at...

Quintin: Careers 10 because the resume helped me to get a job.

Gavin A.: My timed writes by writing in full sentences and making them longer. I also did a really good job on my holiday traditions power point and researching careers.

Keisha: Science (physics), getting my work done, respectful and professional mannerisms.

Aliyah: Trying to get my work done on time and when teachers say.

Gavin H: Using my time wisely in class and outside of class.

My goal(s) for the rest of the term are...

Quintin: My goal is to get my grades up by the end of the

Gavin A.: My goals are to improve my writing and getting my work done and handing it in.

Keisha: Improving my attendance.

Aliyah: Come to class on time, use my time wisely, ask more questions when I need to, attend regularly.

Gavin H: To continue to do what I am doing, but better.

Parent/Guardian Section:

I've notice _____ is working well for my son/daughter.

I wish _____ for my son/daughter
